

# Birthday Surprise

September 2019

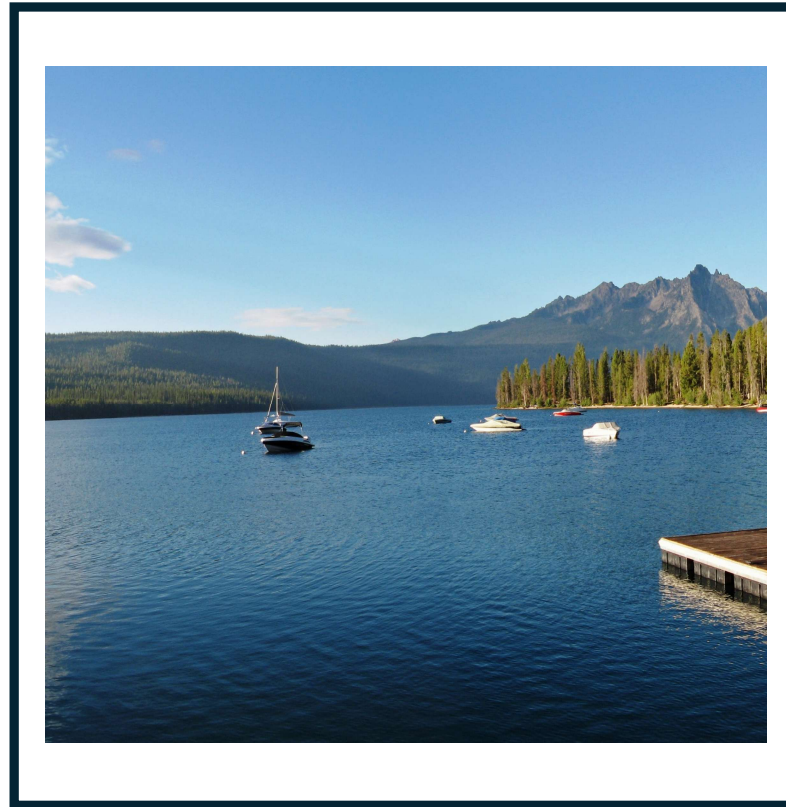

I had a lovely surprise on my 60<sup>th</sup> birthday.

Trudy told me we were going out for the day and had to set off very early. She wouldn't say where to!

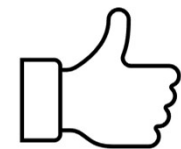

After driving a while I realised we were near the Lake District, a place I love!

Trudy had booked a boat trip on Windermere, including a visit to the Aquarium afterwards.

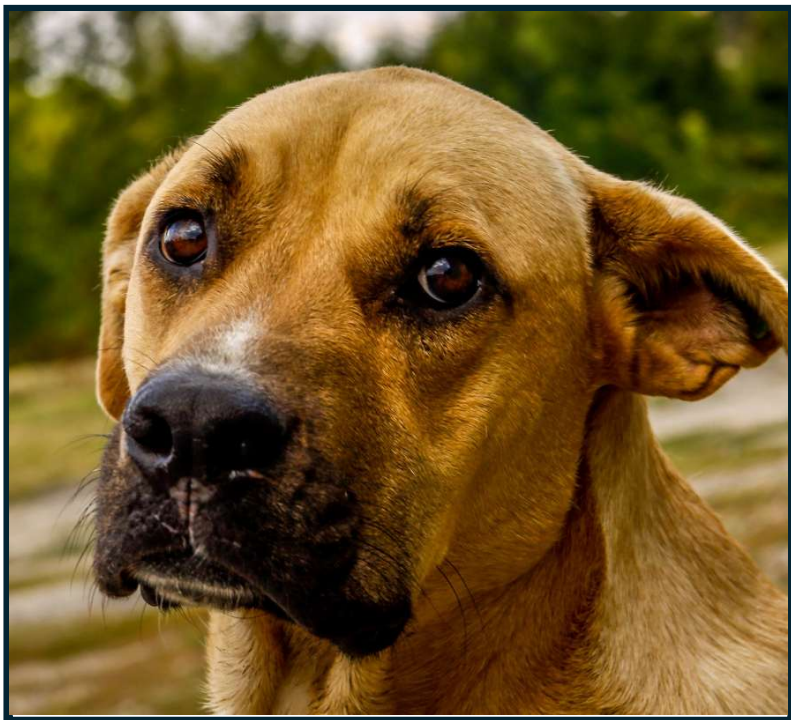

There was more to come! An afternoon cream tea in a cafe by the lake!

It was a lovely surprise and the most perfect day. I will never forget it.

# Anne's missing dog

May 2022

This is Pepper, my sister-in-law's dog

She often takes him for long walks to the country park

One time he went missing

They couldn't find him anywhere.

They searched for hours. Nowhere to be found!

They put up posters everywhere. He was missing for 5 days. Anne was distraught!

Someone saw him and phoned them. They got him back!
